

### *Faculty of Chemical Engineering*

Faculty of Chemical Engineering of Tarbiat Modares University was established in 1983. Its main mission is training expert and efficient forces in M.Sc. and Ph.D. levels in order to meet the education, research and industrial needs of Iran including chemical engineering processes, oil and petrochemical procedures, polymer engineering, biotechnology and biomedicine.

No.	Programs	M.Sc.	Ph.D.
1	Polymer Engineering	√	√
2	Biotechnology Engineering	√	√
3	Biomedical Engineering	√	
4	Polymerization Process Engineering	√	
5	Reservoir and Petroleum Engineering	√	
6	Chemical Engineering (Process, Separation, Thermo-Kinetics)	√	√
